

## Jediyana Personal Statement / Biography

Jedi Master Sensei Jusan DaiKai Madika KC WarEagle

### Where I Come From:

I was born and raised around Green Bay, Wi. I was raised as a Fundamentalist Christian my father being a preacher in the Closed Plymouth Brethren tradition.

### What I've Done:

Worked in security and law enforcement. Degree in Religion and Computer Forensics. Built a hermitage. Abbess of three monasteries. Founded Jediyana. Author of "The Missing Peace: Freedom from Disturbing Emotions."

### My Practice:

I always wanted to know the "truth" and I wasn't getting the answers from my religion. Eventually I went to college as a religion major and within the first year became a pagan. Later I found Zen Buddhism in which I started to find my answers. Was ordained in the Soto Zen tradition and a few years later in the Theravada tradition.

I am the founder of Jediyana which is based on the first two trilogies of Star Wars, Buddhism and Daoism.

I refuse to get on the pedestal, I do not tell anybody what to do, I don't know what's good for you, I know what I can do and I can share that with you but I can't tell you what you should do. Beware of what you ask me because I will give you the truth as I see it, if you don't want to hear that just say so.
